

THREE (3) YEAR EXTENDED WARRANTY

Your SunValue Solar Pool Heating System warranty is extendable by an additional 3 years. The warranty extension is available with a one-time payment fee and must be purchased within 30 days upon installation and product warranty registration. The extended warranty is non-transferable and only applies to the solar panels. This warranty does not apply to plumbing, temp sensors, mounting hardware, auto controllers or any other equipment tied to the solar system installation or pool equipment.

UMA Solar manages the RMA process directly through contacting us at www.UMASolar.com or through one of our registered Dealers. Proper inspection of the panel or system defect must be documented to ensure it is eligible for coverage under the Limited Product Warranty if properly registered at the time of install.

For a complete list of eligible collectors and the full extended warranty price list, please contact your local UMA Solar Dealer or directly contact UMA Solar at www.UMASolar.com/contact.

EXTENDED WARRANTY REGISTRATION

Thank you for your recent SunValue purchase. UMA Solar encourages you to register your product online at:
www.umasolar.com/resources/warranties

Once completed by you or your dealer, an email confirmation will be sent to the email provided.

If you choose to mail-in your product registration, please complete the form below.
UMA Solar advises you save a copy for your personal records.
